PROFILE SUMMARY

Senior Product Designer with 14+ years of experience turning complex financial, AI, and enterprise workflows into intuitive digital products. Most recently founding product designer at OCTA (Abu Dhabi) — designed two core products (OCTA and OCTA Flow), cut enterprise reconciliation time from 2 hours to 30 minutes, and shipped from blank canvas to live UAE GCC clients in 18 months as the sole designer on a \$5.6M funded platform. Prototype with Claude, Cursor, and v0 daily — go from problem to testable interface in hours, reducing engineering rework before build. Available immediately. Open to onsite and remote roles globally.

PROFESSIONAL EXPERIENCE

OCTA (Beyond Borders Ltd.) | Abu Dhabi, UAE (Remote)

Product Designer — Founding Team | Sole Designer

November 2024 – April 2026 | weareocta.com | AI FinTech | \$5.6M Funded (MEVP, Wa'ed Ventures, Plug and Play)

- Reduced enterprise reconciliation time from 2 hours to 30 minutes by designing two core products — OCTA and OCTA Flow — from blank canvas through to live UAE GCC enterprise clients in 18 months.
- Accelerated product delivery by 15% by building a 0→1 design system (tokens, components, documentation) that engineering built from directly, eliminating ambiguity at handoff.
- Enabled engineers to validate ideas before committing build time by delivering functional prototypes via Claude and Cursor within hours of problem definition — reduced costly rework cycles.
- Earned trust of UAE GCC enterprise clients by designing compliance-aware financial UX (FTA/ZATCA e-invoicing) that met regulatory requirements without sacrificing usability.
- Influenced product direction at founding team level by presenting design rationale directly to founders and enterprise clients — design decisions shaped roadmap priorities throughout.
